

Pixelbuddha Freebie License

Hi, we're **Pixelbuddha**, a design studio based in Volgograd, and we are happy to see you on our website. Here you can find free and premium graphic design resources of the highest quality since 2014.

Weekly, we publish graphic design resources available for free download or available after registration and opting for our email newsletter, but with no payments whatsoever. They are licensed to you under *the following terms*.

Please, read the entire document carefully, and decide whether you're able to follow them or not before using our resources. Please note that all our products and services are intended for people older than 18 years old. You cannot use the website or our resources if you're younger than 18 years old.

Rights

You can download and modify our Freebie Resources to use in your web design, UI/UX, or graphic design projects in your personal, non-profitable, or commercial projects that are not intended to be sold online or offline on marketplaces, stocks, etc. In other words, the use of the provided resources is free of charge when applied to the projects implying a one-time commission from your client. Any End Product for commercial use must be significantly different than the original Resource.

If you want to use our Freebie Resources for the End Product for Sale, that is intended to be sold on online or offline marketplaces, stocks, etc. an unlimited number of times, you will need an **extended license**. We are not legally liable for any misuse of Freebie Resources.

The extended license is provided by the author of the particular Freebie Resource — created either by Pixelbuddha studio or licensed from the most talented creators in the industry (in this case, the credit is always included in the product page description and included in the package).

You cannot redistribute, resell, lease, license, sub-license, or offer our resources to any third party. This includes uploading our resources to other sites or media-sharing services and offering our resources as a separate attachment to any part of your work.
